Dear Mr. Graham,

RE: Humanitarian Crisis in Darfur, Sudan

I am writing as one of your constituents for Toronto Centre (Replace) and as a representative of the Cambodian Genocide Group, a non governmental student organization. I write in regards to horrific events taking place in Darfur, Sudan.

I am very proud of Canada's commitment to human rights, individual freedom and justice around the world. I implore you to pressure the Liberal government to help end the campaign of genocide in Darfur. I hope that you share my concern in helping to prevent further human suffering in Sudan.

I would be grateful if you would let me know of any initiatives that the government is pursuing to help the situation in Sudan.

Sincerely,

Mr. Human Rights
